

# DJ Jaspa News Release

**Thursday, May 5, 2005** – Vancouver, British Columbia, Canada - DJ Jaspa, one of Canada's hottest underground DJ/producers today announced his residency at Club XOX, formally The Viva Club in Richmond, just ten minutes from downtown Vancouver, British Columbia. Jaspa, along with close friend Vaziran, will kick-off their residency with the launch of Heaven – Essence of White this Saturday, May 7, 2005. X-Treem TV will also be on location at XOX to film for their upcoming television show.

DJ Jaspa brings an eclectic mix of progressive and melodic trance to Heaven. His music has been described as “inspirational, soul grabbing, melodic,” (Division Underground) and his latest CD *A Long Time Coming* has been described by Raves.com as “A great CD to have to pump you up for your night out on the town, yet versatile enough to chill out to after a hard night of dancing.”

As a new member of the NCIAA, Jaspa's music is gaining international attention with a recent feature on raves.com. This comes after Jaspa—AKA Jason Hogg—has taken the Canadian trance scene by storm, appearing on Canadian television and on local and national radio stations. Jaspa's music is also being heard by millions worldwide after licensing a number of songs to the Greg Hastings Tournament Paintball X-Box game. Jaspa belongs to the Global DJ Agency ([www.book-djs.net](http://www.book-djs.net)) which hosts the likes of Darren Tate, Christopher Lawrence, Dave Holmes and many others.

Beginning May 7, DJ Jaspa and Vaziran can be heard every Saturday night at Club XOX located at 7920 Cambie Rd, Richmond B.C. For a limited time, people who wear white will receive free cover and a free **HEAVEN** Mix CD. This coming Saturday, Haveablast.ca will also be on location to launch their new energy drink along with the Extreme Bartending Team.
